

Johnathon Thomas- About Me

My name is Johnathon Thomas, I have a beautiful wife Shyla, and together we have an amazing 13-month-old son named Weston.

My favorite hobby is to play with our baby and watch him grow into such an incredible human being. I love spending time with my family and friends. I also enjoy playing guitar/harmonic at our church, traveling, working out, and making great memories.

I used to race for Lucas oil products where my dad and I won a championship. I went to college for mechanical engineering.

In my full-time career, I work as a Forman for fire protection and safety. I believe that I have the best of both worlds with being able to have two careers that I love. I knew at an early age that I wanted to be in the Army. I would watch G.I.JOES and help “*save the day*” with the rest of my heroes on the show. I remember praying and asking God to help me with this dream and He did.

I enlisted in 2014 as an 11 Bravo infantryman. I am currently with Charlie Troop in the 1-152. I am a Team Leader and staff sergeant. I’m grateful to participate in something bigger than myself. My thoughts have always been to do something to make yourself proud.

As I continue to live my dream I also aim to continue reaching for bigger goals at the correct timing. I’m am blessed to do what I love and it’s an honor to have those with me along the way.
